

THE DIRI MODEL

DIRI Model

Downstream-Integrated Radicular Import-Substitution Model

To make the model widely available to practitioners and researchers

Quotes from Mr. Ramon Uy

DIRI Model

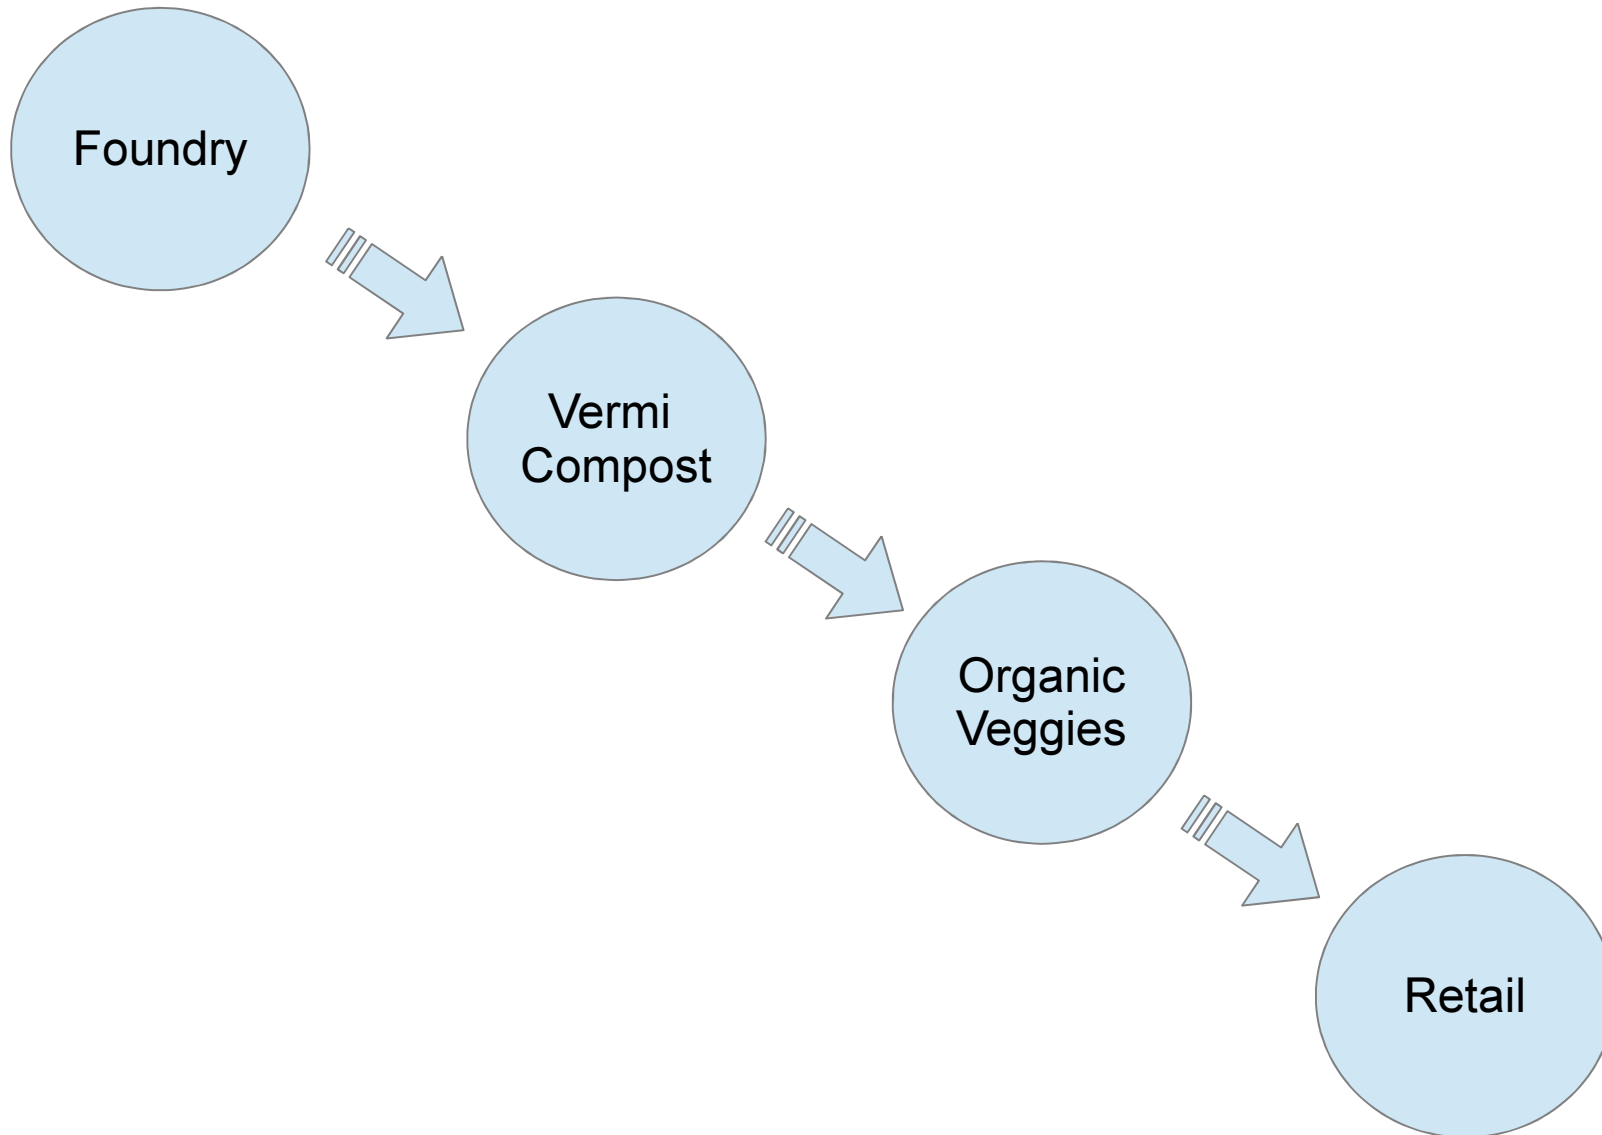

Where are these machines made?

Diri – many (vs. Germany)

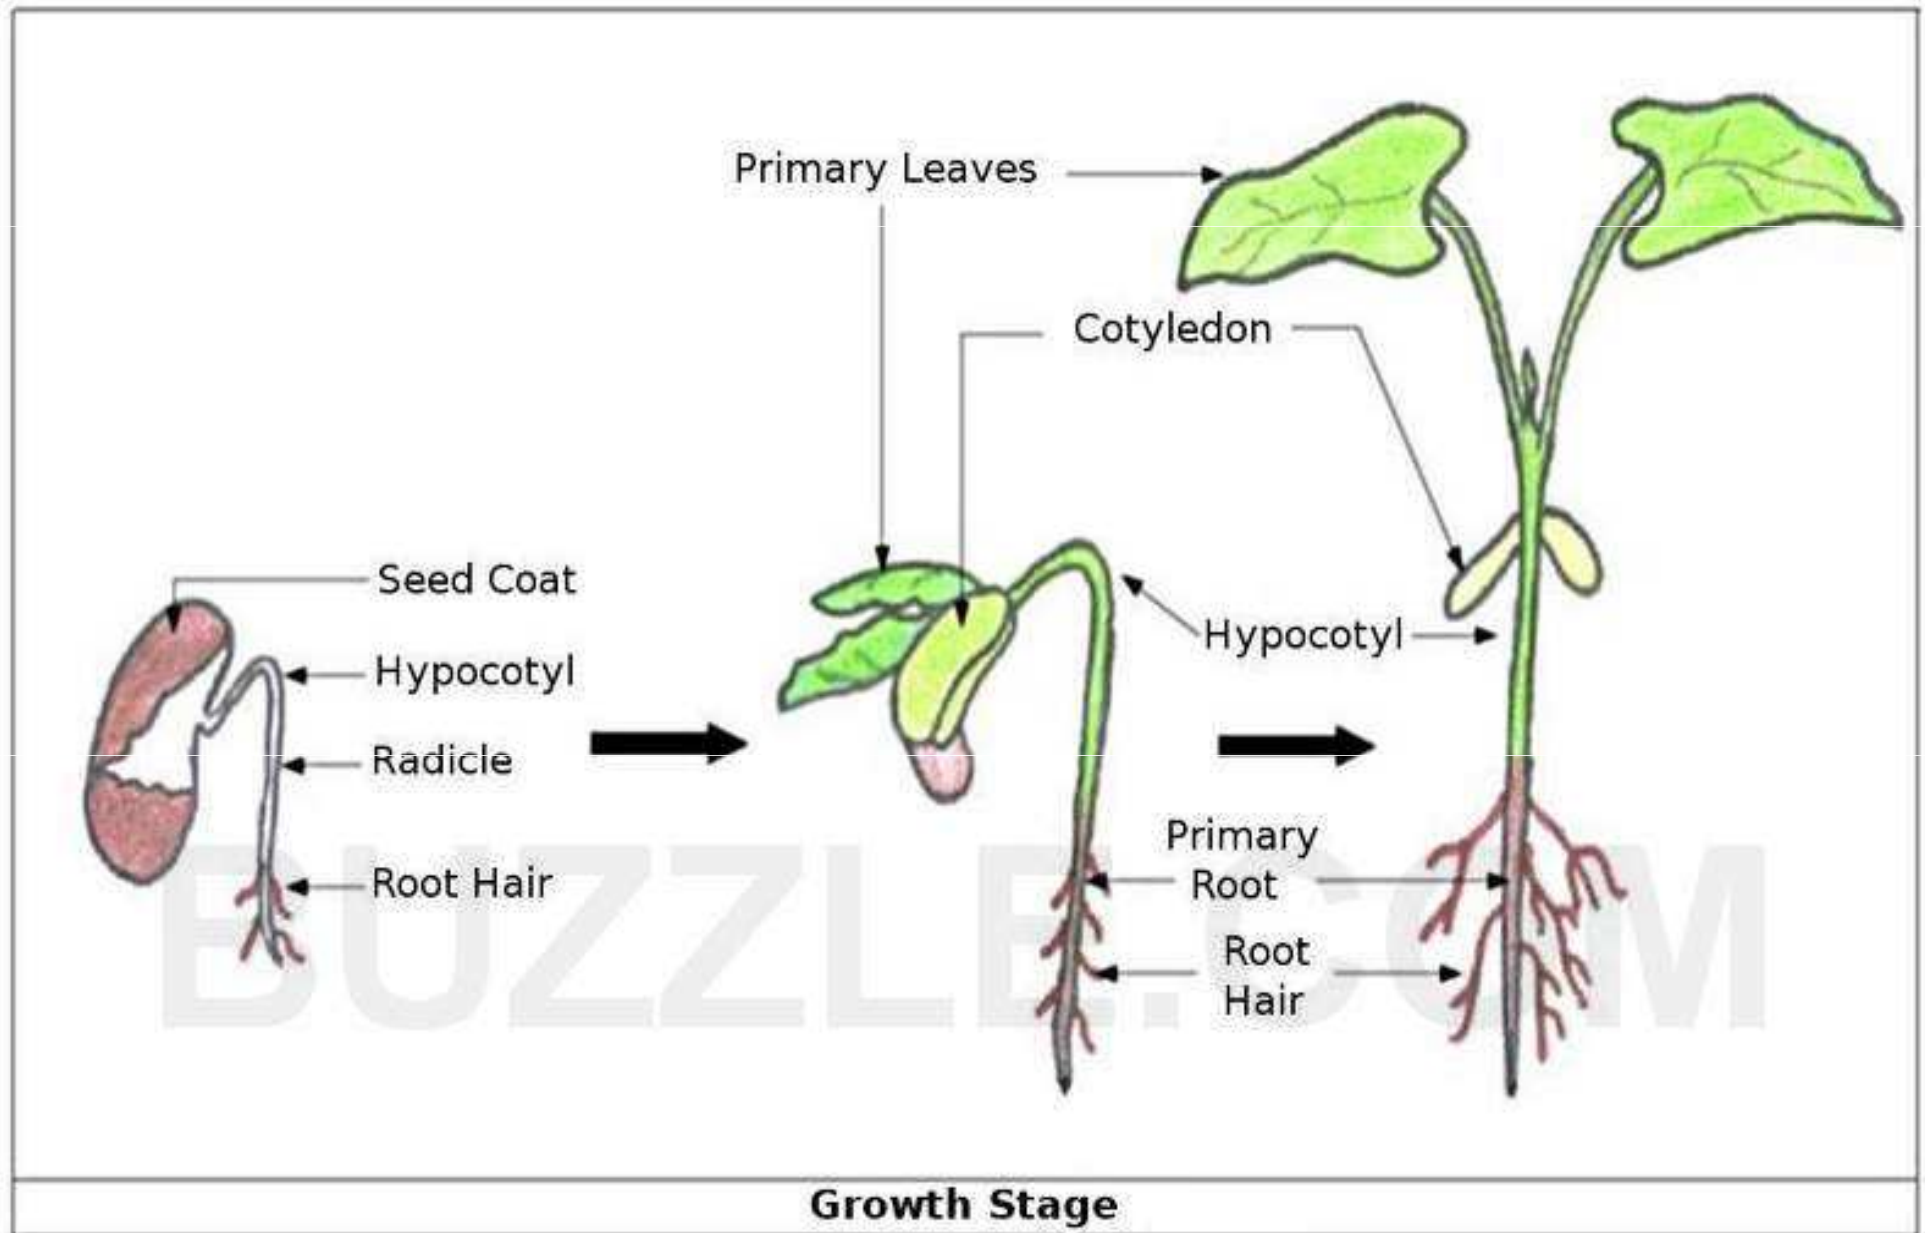

Or perhaps,

“Diri man ini” (it's made here)

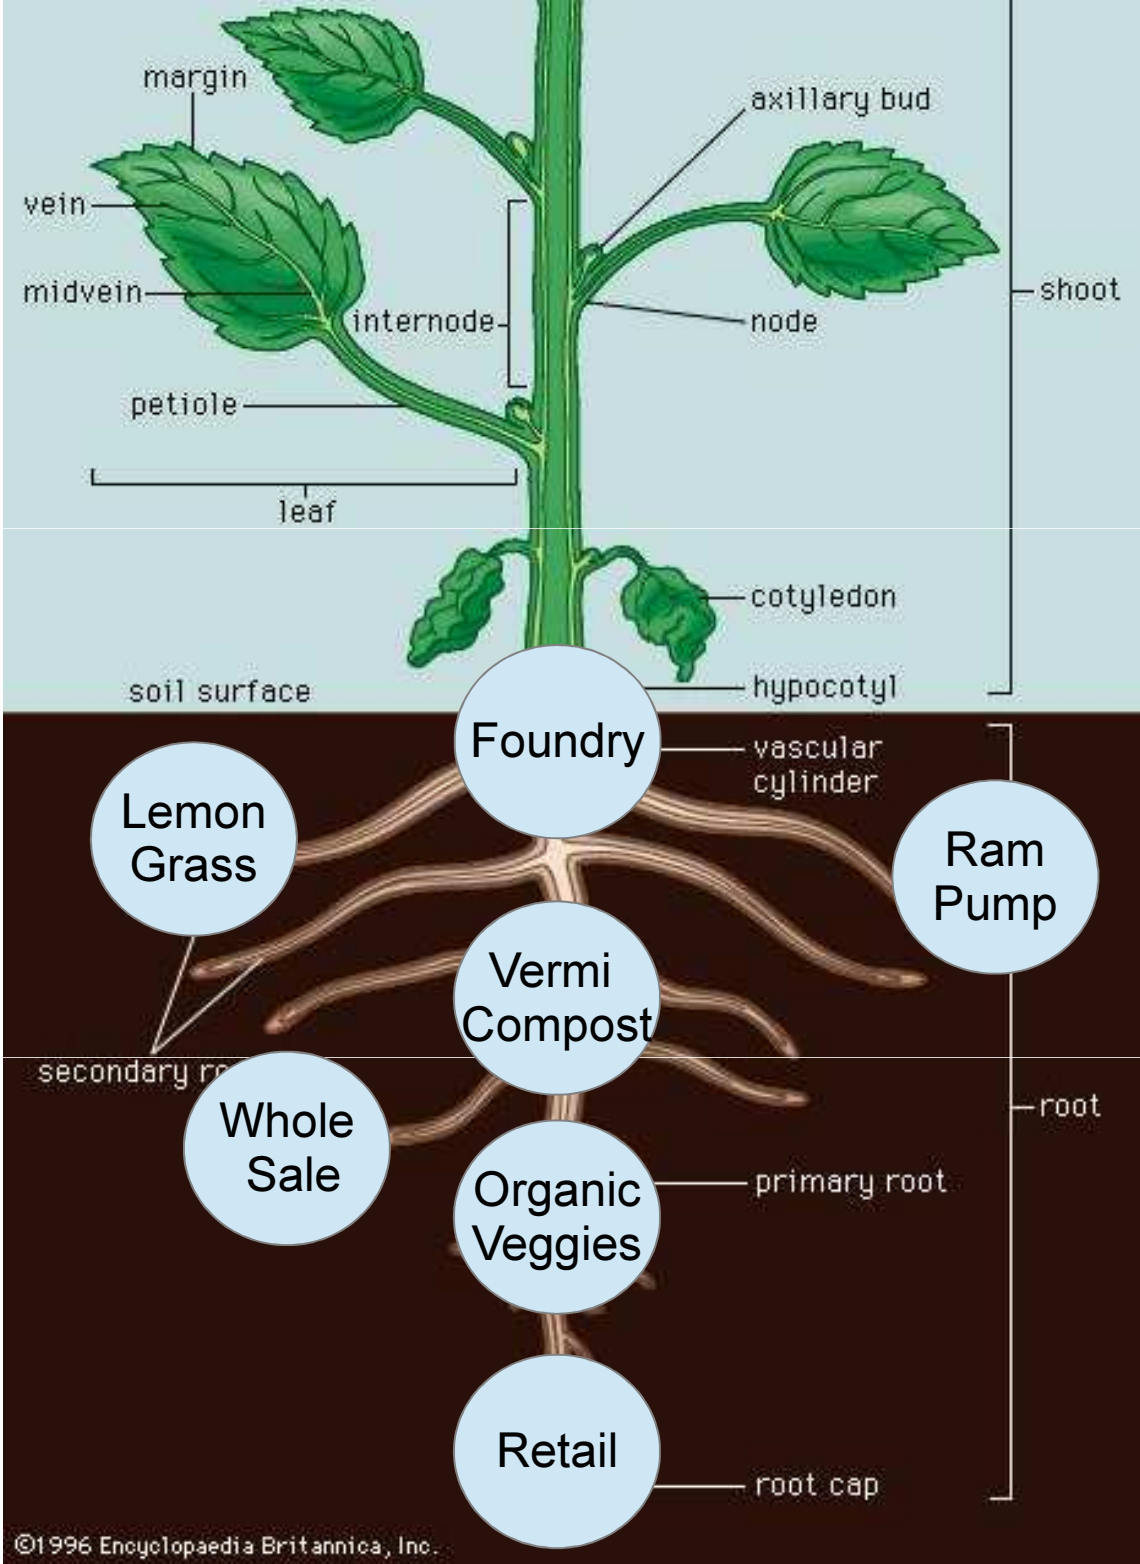

Downstream Integration

RADICULAR

RADICULAR

IMPORT-SUBSTITUTION

1950's – 1960's: Import-Substitution
Industrialization (ISI)

1970's – present: Export-Promotion
Industrialization (EPI)

General View: ISI and EPI are independent

Flying Geese View (Japan's Development Model):
ISI and EPI are dependent

Import Dependence → Import Substitution → Export
Promotion → ...

IMPORT-SUBSTITUTION
