

the paper. The reader should be carefully guided through the paper. Always think about your reader.

Discussion manuscripts should follow the requirement of paper manuscripts except that they do not have abstracts, keywords, introductions, or conclusions. They must be submitted within 6 months after the publication date of the paper.

Paper manuscripts should be written and arranged in a style that is succinct easily followed. An informative but short title, a concise abstract with keywords, and a well-written introduction will help to achieve this. Simple language, short sentences and a good use of headings all help to communicate the information more effectively. Discursive treatment of the subject matter is discouraged Figures should be used to aid the clarity of the paper. The reader should be carefully guided through the paper. Always think about your reader.
