- Thank you! It was great to participate; hopefully, next year we'll be able to meet in person
- It's the first time that AFC was developed by online way from two different countries (Taiwan and Japan), considering this circumstance the results must be highlighted as excellent.
- This time we participated online. In one of the sessions that I chaired there was technical problem.
- BEST Program that I attended
- The great conference
- See u on 2024 :)

- Very good organizer, even in the pandemic situation. I thought it was very challenging.
- Good committee
- See you in Bangkok!
- The online conference run very well
- I would like to join the next AFC, please send me the brochure. Thank you
- I hope this conference should be done once a year. It most supports researchers to be able to develop their research.
- I think offline conference is better than online, because the participant can focus attend the all program. Thanks, you very much
- It's such a great conference, I hope AFC will always exist
- I think it will be better if after each presenter make their presentation, the committee no longer send the e-certificate. Like in the offline event in last AFC #5. But overall.. event AFC is usually wonderful. I can't stand to join next AFC in Thailand.
- This is my first participation in AFC, and I am very impressed with the event. Hope that I can join next AFC and can meet other colleagues
- Congratulations to the AFC 6 Committee for successfully holding an online seminar, I hope the next AFC will go according to plan and meet each other in person.
- To the committee. Thank you very much for the very good and lively conference, I hope in 2024 I can join this conference again. The committee is very friendly and communicative, and there are many scholarship opportunities. I really like this conference because there are many scientific themes that can be discussed here.

Dear Committee, I have hope, hopefully next year I can still have the opportunity to get a special subsidy. I am very sad this year that I can't be in Taiwan even though I have received a special subsidy. I look forward to this conference every day.

- Inspiring discussion, thanks for the valuable opportunities
- thank you for the opportunity
- Good Job
- Thank you so much to have held this event. Subarashi desu
- It's really fortunate for me to be given opportunity to attend the international conference. I was really happy that my paper was accepted and was presented to enable me to promote the Bogor Agricultural University I serve. I appreciate highly and thank you very much for this opportunity, Viva AFC
- The staffs are very helpful and accommodating. Good job. :)
- Congratulations for the successful conference
- Dear committee, this conference is the best as long as i have attended the conference. May this conference continue to have progress and continue until the end of time. 🥰🌸🌸

1. I respectfully request to the committee, for our colleagues who passed the special subsidies at the 6th AFC, to be given another chance to get the special subsidies again. Considering they didn't go to Taiwan. We are very excited to follow back in 2024 in Thailand.

2. We have a lot of problems listening if the chair comes from a non-Asian western country. They speak very fast and incoherently.

Maybe it's better in parallel presentation sessions, the moderator should be responsive when there are presenters who don't understand the question, invite the chair or the participant who asks to write down the meaning of the question. Or ask participants from the same country to help convey the meaning of their questions.

3. I am very happy with this conference, thank you for choosing my paper as the best paper.

Last, the committee is very friendly and very helpful. See you again in Bangkok 2024.

- Overall event good activity
- Thank you very much for the best presentation award!! I look forward to attending the next conference in Thailand!!
- I congratulate the organizers for having successfully managed the complex operation of running hybrid conferences involving many people.
- Thank you, all the staff, for your hard work!
- Thank you so much for that grateful conference
- We always had a great support and quick response from Ms. Mook. We very much appreciate her help!
- While circumstances did not allow this year's AFC to be held in-person, it is now even more clear that AFC, which promotes connections, interactions and exchange of ideas, has to be held off-line. Having commented that, thank you so much for the good job done!
- Improvement of the symposium is needed
- I appreciate your kindness and hospitality.
- many thanks ❤️
- Thanks to all the friendly staffs!!!! It is a great conference!!!
- It was very difficult to join online conference, due to weak internet connection and sometime with no internet. I want to attend and discuss my topic of presentation as Myanmar participations in next conference. Please give me help and support. I tried the best for my topic. So, I have felt very sad. Sorry for my late. Thank you so much. Best regard, Dr.Hla May Oo
- Very Informative, It's my first time
- It was still awesome despite the shift to online, although there were some problems, but it is expected in online conferences with some attendees having poor internet connection like in the Philippines. Thank you and more power to AFC
- It was just unfortunate that we couldn't go to Taiwan.
- Exceed my expectations in-spite of the hardship this time of pandemic. Kudos to the organizer AFC!
- I've been part of SGRA since Bali AFC2
- The activity is great! The problem is the unstable connection.
- For translations, might be ideal to get a male translator for a male speaker and a female translator for a female speaker to make it more realistic, unless really not possible. Though the quality of translation is commendable...

For the parallel sessions, it might be better for the host to mute everyone during the presentations, and have the chairs as co-hosts so they can unmute, then for the Q&A they can either unmute everyone or simply read the questions in the chat box, so as to avoid distractions. Congratulations to the Organizing Committee for a successful AFC6!!! Hope to see everyone in Thailand on 2024!

- Great job! Thank you for all the kind assistance, especially to Mook. Thank you for the opportunity for AFC 5 and 6, so glad and honored to be part of it. Looking forward to seeing you in the next conference. Stay safe and all the best!
- The conference covered relevant topics. The organizing committee prepared well for the event.
- Congratulations on a very successful conference.
- Congratulations to the AFC6 Organizing Committee. Despite the pandemic, you were able to hold the conference. Good job! Thank you for the opportunity to be a part of this conference as a Session Chair, Roundtable II presenter, and a participant to the different sessions.
- Enjoyable, only face to face presentation is very much better...
- Wow! Next conference will hopefully be face to face to feel the super enjoyment of AFC....
- Congratulations and am looking forward to joining you in Thailand on 2024... 🙏
- Mabuhay, AFC!
- Thank you. It was very helpful and educational.
- I would like to commend the AFC Staff/organizers, very efficient. However, I feel that a 3-day conference is too long especially for a virtual participant. Thank you.
- Thank you for organizing this conference. "See" you in Thailand for the AFC7,
- I appreciate the use of interpreter
- Great job. Keep it up. More power to all of you;-)
- Thank you for providing a venue for the dissemination of my research.
- I have to a previous AFC. This recent (online) one is not as good. Face-to-face conference is much better.
- Congratulations AFC6 team
- I really appreciate how the conference was conducted. The speakers from different symposiums were superb. I also loved how the presenters and session chairs made an interactive and informative discussions. I would definitely attend your next conference if given the chance.
- Thank you for your effort and support for new member like me. God bless everyone.
- Thank you for the organizers of the event for the efforts you've made especially to new ones like me.
- First time to be done on a hybrid set up, I understand the challenges that come with it, but I think it was done well. Congrats for the successful conduct!
- In choosing the best paper/presentation, I suggest that it be evaluated by 3 persons (probably the staff assigned can also be asked for the deliberation. I hope that there should be a rating and also qualitative assessment in selecting best paper/presentation

- Thank you so much for all the help and for organizing the event. Mook was so patient and very helpful. More power to the team! :)
- Everything in the program was good, and well organized, and the staff was accommodating, but my internet connection was stressful. Thank you, AFC. Congratulations.
- Thank you AFC, for this opportunity and chance to be part of the conference. I found the whole event worthy and informative to the academe and to the other areas of interests specially on sharing the updates of COVID from other places. I hope I can join in the next conference. From the bottom of my heart, glad to have participated in the conference. Congratulations!
- I suggest that we screen the papers that were submitted so we can have reliable, sustainable and timely for our future's future.
- Thank you for your hard work! Hoping for the in-person conference to resume for the next one.
- More testing prior to conference probably
- It was wonderful experience and learnings across ASEAN countries 😊 Congratulations
- Overall is good
- Thank you so much I learned a lot.
- Thank you so much for holding this great conference. I hope there will be in person in next conference, can't wait to see each other in real world. Thank you!
- First of all, let me say thank you all of the staffs, they were very kind and gentle. However, when I got to the room to make my presentation, there are no other presenters and audiences at all (it was the first experience to me) and the chair person with his earphones gave me no directions that I had no idea what to do. The chairperson asked staffs to be muted in the room, so the room had no sounds, I had no idea what was going on. Although I was already at the venue, I was late to participate online and quite confused. If possible, I would suggest that there be appropriate instructions from the chairperson next time.
- The part of Taiwan, the presenter didn't get respect, they spent too much on the afternoon speech on the first day. The dessert or drink they had been providing was too low level. As I know this conference with many supports.
- Extremely good
- Thank you again for your arrangement. It is a wonderful conference.
- Thank you for the great experience :)
- Great Job!
- The chairperson is friendly. Should issue conference proceedings
- スタッフの皆様、お疲れさまでした。
- 参加者がいろんな分野から来ていると思いますけど、会場組み分けが多すぎた感じがです。ですから、多少近い分野を一緒にしたら、やりやすいようになるのではないのでしょうか。例えば”生命科学”というテーマで、生物学及び関連分野を全部入れる事ができます。
- やはり対面式がいい。次回は晴れて皆さんとお会いできるよう楽しみにしています。

- 英語を重視するのは理解しますが、多様性を重視する観点から、多言語にもっと力を入れるべきである。英語に弱い人は参加する意欲が減ります。通訳にコストはかかりますが、必要なコストは払うべきでいます。その点、EU の運営に学ぶべきです。
- 講演会やシンポジウムはもとより、分科会のレベルも高く、とても聞き応えのあるものばかりでした。ありがとうございました。
- オンラインの準備をありがとうございました。親しみの持てる雰囲気でした。
- 次回もタイに行きたい、参加します
- 1 セッションの司会をしました。文理混合のセッション。テーマが地球環境だと、寄せ集め感が強い。データやグラフも一切なしでプレゼンに話す内容を書いてダラダラ喋る人とかを聞くのは苦痛である。日本からの発表はある程度の水準はあるが、東南アジアの発表に困ったのが多い。なんとかできないものか。
- 1 メールのお知らせがあったら、バイリンガル（英語以外に、日本語も必要）のバージョンがあったほうが、より効率的になるでしょう。 2 Online 発表が許されて、しかも事前録画した映像を再生して頂けて、本当に助かりました。
- 素晴らしい会議でした。ありがとうございました。
- 皆様お疲れ様でした
- 英語が下手なので日本語もできるといいですね。
- ありがとうございました。
- 辛苦了(お疲れ様でした。
- ありがとうございました。
