OUTLINE OF PRESENTATION

- I. Introduction / Background
 - Location, Key issues, VMG, Core Values
- II. Conceptual Development
 - Framework
- III. Some Programs and Projects on Organic Agriculture

■ IV. Gains / Benefits of Organic Agriculture

KEY ISSUES

1. Low agricultural productivity and competitiveness
2. Unfixed marketing system

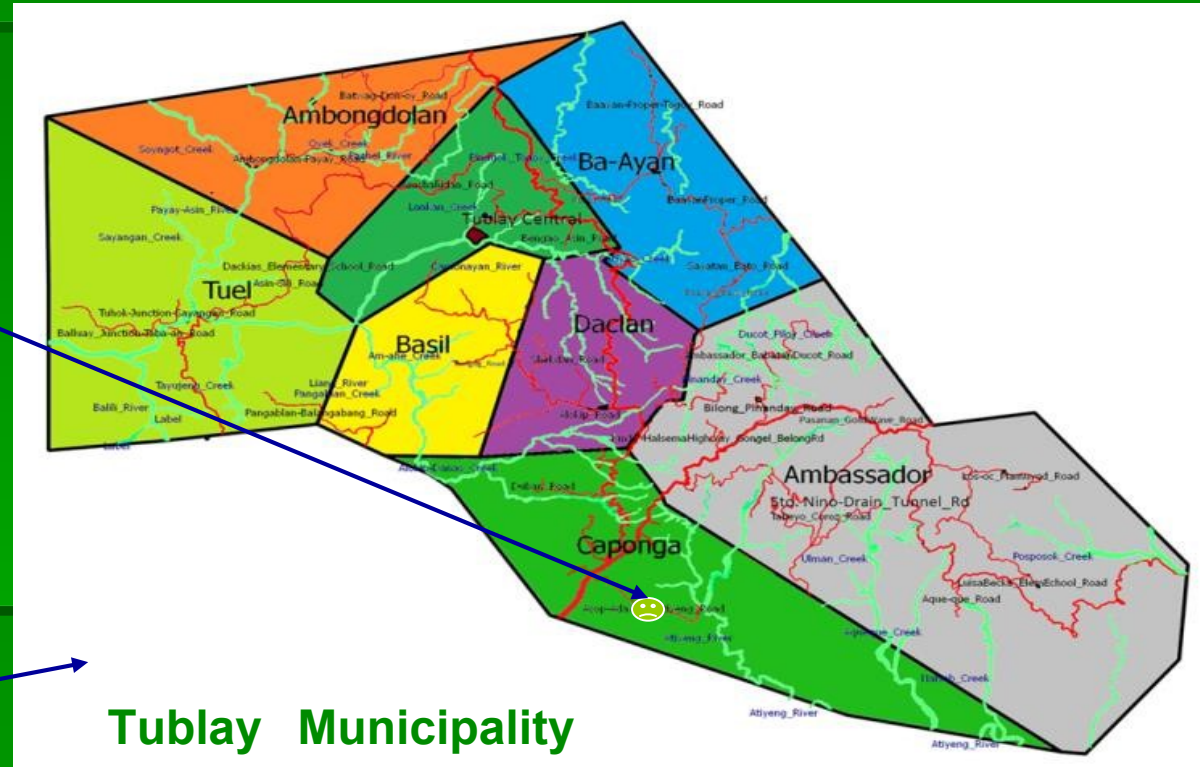

3.Low farmers' income

4.Climate change

A diagram consisting of a vertical line and two horizontal lines. The vertical line starts below the text '4.Climate change' and extends downwards. The first horizontal line is positioned to the right of the text '4.Climate change' and extends to the right. The second horizontal line is positioned further down and extends to the right. The vertical line also extends to the right at its base, creating a partial frame structure.

LOCATION:

**Municipal
Hall**

Tublay Municipality

Distance:

- 7 km away from Benguet Capitol
- 13 km away from Baguio City

5th class, Agricultural
Municipality

No. of barangays: 8

Total Land area: 10,255 Ha

Number of Farmers: 7,250

Tublay, Benguet

VISION

A country-side agri-eco-tourism haven municipality, home of God-loving, industrious, and resilient people living a quality life in a sound environment

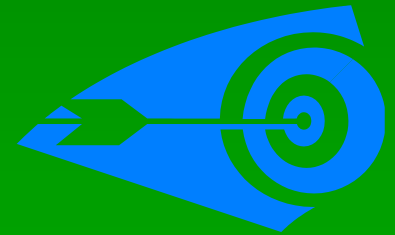

under an effective and excellent governance

MISSION

Commit to a sustainable agriculture and sound environmental development that will promote culture sensitive tourism through the provision of pro-active, responsive

*services and programs within the
framework of participatory,

2.To ensure food security and safety;

3.To practice appropriate marketing system desirable both for farmers and consumers

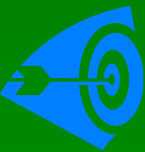

GOALS

4. To uplift socio-economic status of farmers

5. To adapt and mitigate with the effects of climate change across agriculture sector

6. To institutionalize desirable agricultural extension delivery system

CORE VALUES

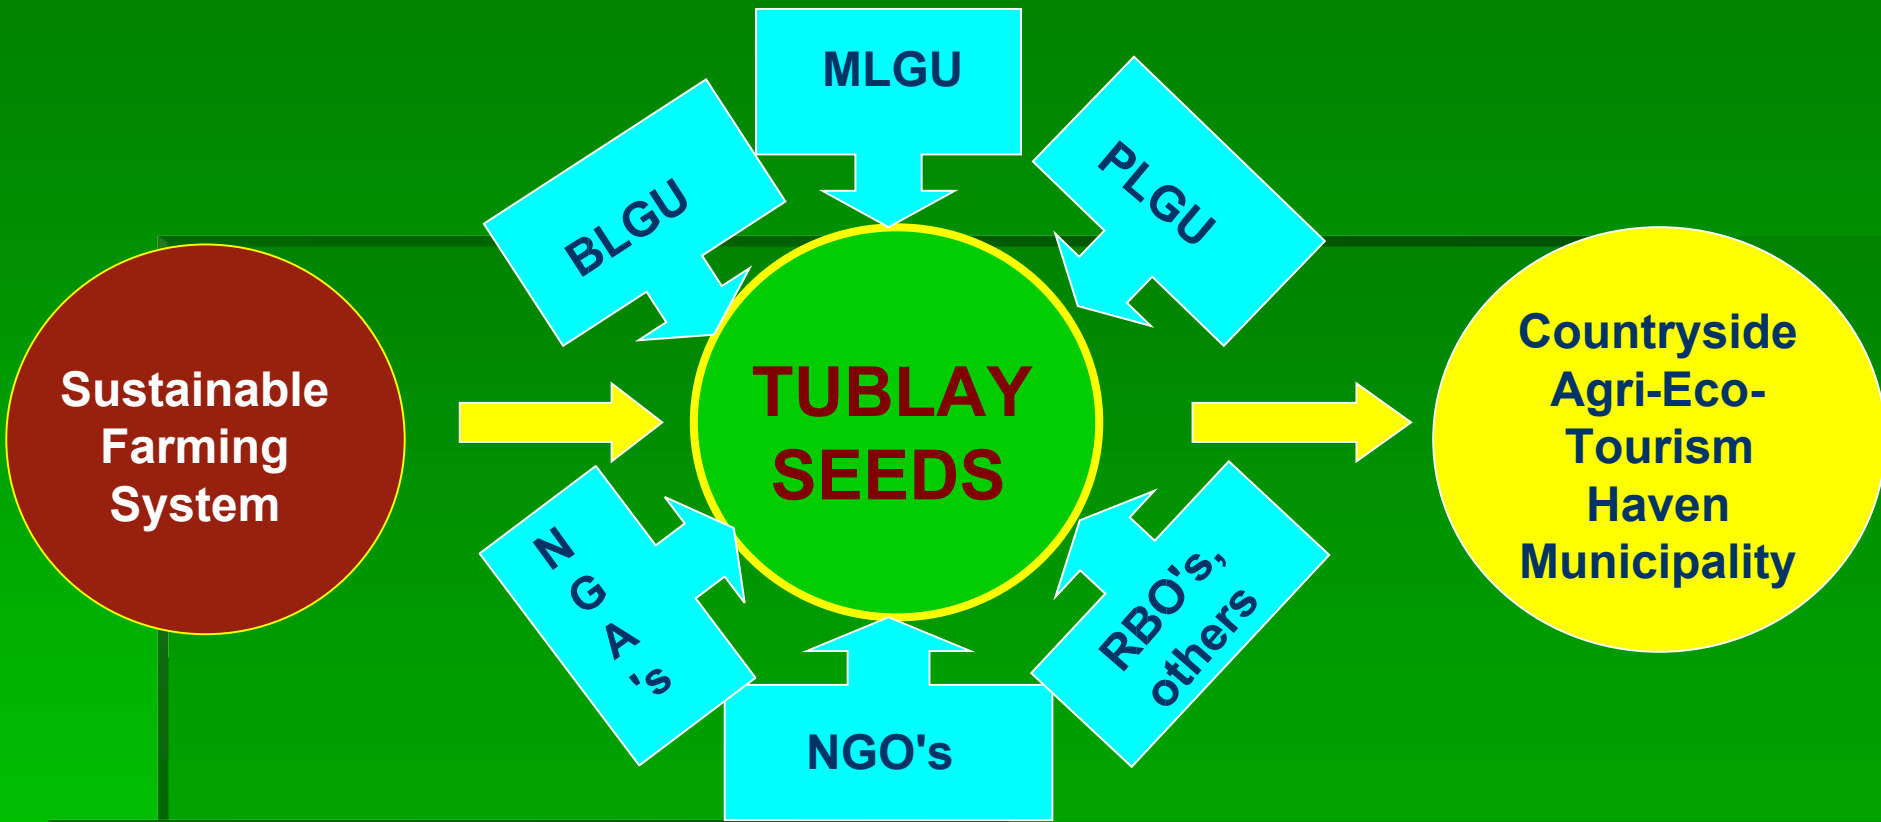

"O R G A N I C"

O - Obedience

- R - Resiliency
- G - God Loving

- **A - Accountability**
- **N - Nobility**
- **I - Integrity**
- **C - Cooperation**

CONCEPTUAL DEVELOPMENT FRAMEWORK

The image shows a cross-section of a seed bed. The top layer is composed of numerous light-colored, oval-shaped seeds. Below this layer is a dark, moist soil. Three green seedlings are shown at different stages of growth, emerging from the soil. The seedling on the left is the smallest, the middle one is medium-sized, and the one on the right is the tallest and most developed. The text 'TUBLAY SEEDS' is overlaid in large, bold, green letters with a yellow outline, centered across the middle of the image.
